

Green ProcA

Ceremony

The final conference of the Green ProcA project on green public procurement (GPP) will take place along with an award ceremony honouring exemplary public procurement projects.

Green ProcA Final Conference & EU GPP Award Ceremony

15 June 2016, Brussels

The main objective of Green ProcA is the promotion of GPP among public authorities with a focus on the signatories of the Covenant of Mayors and their efforts to address GPP in their Sustainable Energy Action Plans. The public is encouraged to join the discussion during the conference, which will see European representatives responsible for sustainable public procurement measures. A special highlight will be the announcement of the winners of the GPP Award, which recognises procurement offices throughout Europe that have carried out outstanding GPP projects. Chosen by an independent jury, award winners have been selected on the basis of criteria like CO₂ savings, transferability and commitment to energy efficiency.

Conference location

Climate Alliance, Rue d'Arlon 63-67, 1040 Brussels
